

Ideally suited to stabilize nutrients, with an added bonus of Mo, Se and B

1 L

## IB - HuMoSe

### Innovative Bio-Logics

IB-HuMoSe is a 10% humic acid solution, fortified with molybdenum, selenium and boron. Use at planting or with nutrient applications to stimulate root growth, chelate nutrients, stabilize nitrogen, promote nitrogen metabolization, improve sugar mobilization within the plant and increase plant metabolic efficiency and immunity.

#### Application Rates

In trench/broadacre: 1 L/acre, added to liquid fertilizer

With liquid N: 1 L/10 lb N

Stir product thoroughly before dispensing.

0.36% Mo 0.21% Se

0.31% B

(typical)

Lot # HMS-210425

Exp: April 2021

It is recommended to dilute the product (either with fertilizer or with water), minimum 1:2, 1:10+ preferred. Some settling of contents can occur over time. Mix thoroughly before use to suspend settled material. Not likely compatible with acidic inputs. Depending on soil or tissue tests, additional nutrients may be added as indicated. Always jar test mixtures prior to filling equipment. Once diluted, this product can be biologically active; therefore do not leave diluted product in equipment and clear/flush lines if it will stand for more than 8 hours. While this product has been filtered for ease of use, it is advised to filter it to the specifications of the equipment being used in order to avoid any possibility of plugging of equipment.

Freezing temperatures won't damage the product but will increase settling.

Do not ingest. Do not feed to livestock. Keep away from children and pets. Do not allow spills to reach waterways.

This label is believed to be reliable and should be followed carefully. Injury to the treated crop may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Innovative Bio-Logics or the seller. Failure to follow label directions may cause injury to crops, animals, people or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the listed purpose, subject to the factors noted above. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Innovative Bio-Logics' election, either a refund of the purchase price paid by the buyer or user for product bought, or a replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
