Hen Manure Plus
Crumble
7-6-2

Ingredients: Hen Manure, Digestate

Net weight: _____

Bulk Density: 40-45 lbs/cu ft

Lot #: sample label

Made from organic-acceptable Ontario hen manure and food-processing by-product.

Apply according to soil test results and agronomic recommendations. Avoid handling and applying in windy conditions.

Typical application rate: 0.5 to 3 mt/ac

Certified organic operators should always seek approval from their certification body before applying any inputs.
